**To C.O.B.O SpA customers**

**Subject: conflict minerals legislation**

Dear Customers,

COBO has addressed the issue arising from ore extraction from mines in Democratic Republic of the Congo or an adjoining country\* that may be present in the supply chain of our suppliers.

With reference to what provided for by the Conflict Minerals Legislation, we inform you that we have arranged a close inspection with our Tier1 suppliers in order to check if and how they are conforming to the above mentioned Regulation.

Furthermore we have requested all members of our Supply Chain to provide conflict free minerals materials in future as well.

**We hereby confirm you that all our products do not contain any conflict minerals which are sourced from mines of Democratic Republic of Congo or its adjoining countries.**

In case of products containing any conflict mineral in the future components, we will inform our customers immediately after getting knowledge of it.

Best regards,
